EDUCATION

WEB DEVELOPMENT

CareerFoundry (2016 - 2017)

Learned frontend and backend development through an intensive course focusing on HTML5, CSS3, JavaScript, jQuery, Bootstrap, and Ruby on Rails. Built an e-commerce web application with Ruby on Rails, and an online portfolio following best practices.

NEW TECHNOLOGIES APPLIED TO TRANSLATION

Instituto Superior de Estudios Lingüísticos y Traducción & Ateneum University (2016 - Present)

Master's degree focusing on the translation of multimedia content such as videos (subtitling/dubbing), apps/software, video games, and websites from English into Spanish.

EXPERIENCE

MEDIA & TRANSLATION INTERN

The Humane League (Present)

Translate documents and multimedia content regarding animal welfare. Post animal-related images on Instagram, search for new multimedia content, and engage with users to increase awareness of animal rights' issues.

FREELANCE TRANSLATOR AND COMMUNITY MANAGER

Various companies (2015 - Present)

Translate online multimedia content, and social networking, dating and job-hunting apps into Spanish. Provide customer service through email and Facebook, answer questions about the products & apps, handle user reports, and manage a team of 8 content moderators.

FOUNDER

El Jardín Vegano (2014 - 2016)

Developed and maintained an e-commerce website with WordPress to sell vegan products across Mexico. Translated product information from English to Spanish. Managed inventory, order processing, shipping, and customer service.
